

Tokyo RNA Club the 14th meeting

2014年5月9日(金) 15:30~17:30

東京大学(浅野キャンパス) 武田先端知ビル 5階ホール

Dinshaw J. Patel (Memorial Sloan-Kettering Cancer Center)
Structural Biology of RNA-mediated Gene Regulation

Hiroshi Nishimasu (The University of Tokyo)
Crystal structure of Cas9 in complex with guide RNA and target DNA

Seisuke Yamashita (AIST)
Molecular mechanism of template-independent RNA polymerization
by tRNA nucleotidyltransferase.
- Translocation and rotation of tRNA during RNA polymerization -

Sotaro Uemura (The University of Tokyo)
Real time visualization of protein translation at single molecule level
